Sign Up

Teachers should visit https://www.finjuniorgm.com/signup to register their class. A curriculum guide and instructions will be sent out to the provided email.

Teacher Log In

Once registered, teachers should visit www.finjuniorgm.com and will be directed to the screen below and click on the Teachers button.

Once pushed, they will be directed to the following screen below. Teachers will enter their username and password and then click log In.

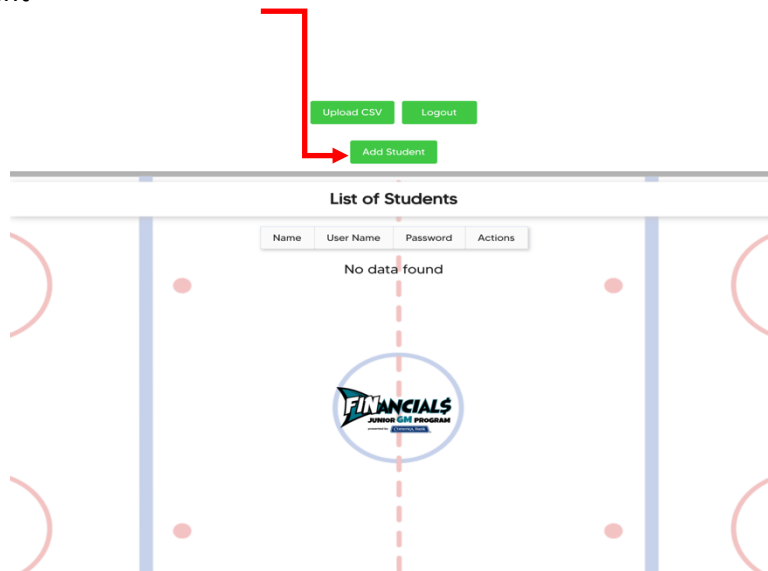

Once logged in, the teachers will be directed to the teacher dashboard, where they can add and remove students.
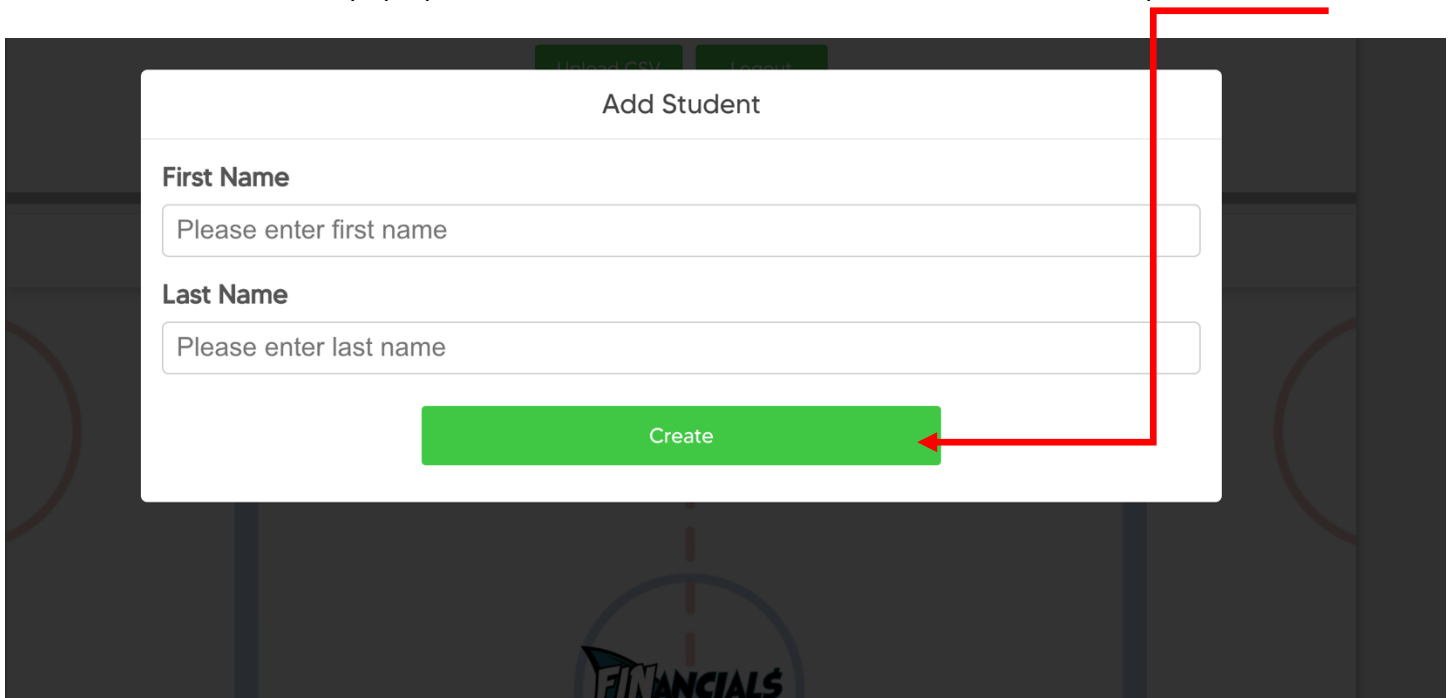

Teacher Dashboard

The teacher dashboard provides teaches the ability to add and delete students. Teachers have the option to add one student at a time or add their entire class by uploading a csv file of their class roster.
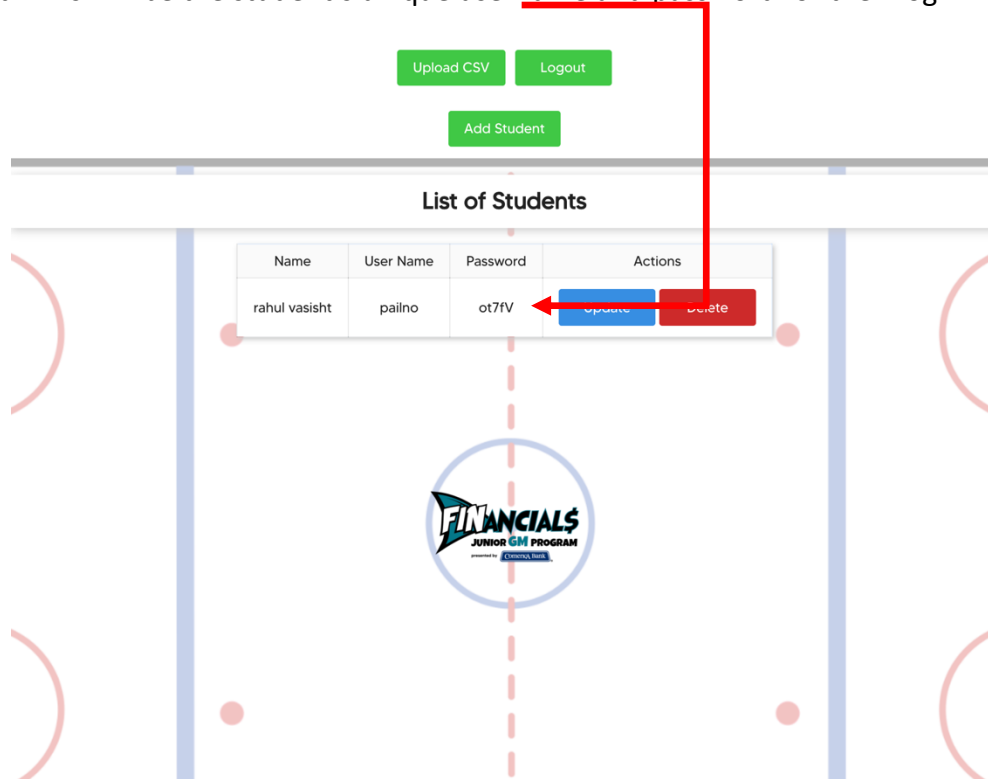

Add One Student

And then fill in the pop up with the student's first name and last name and then press create.
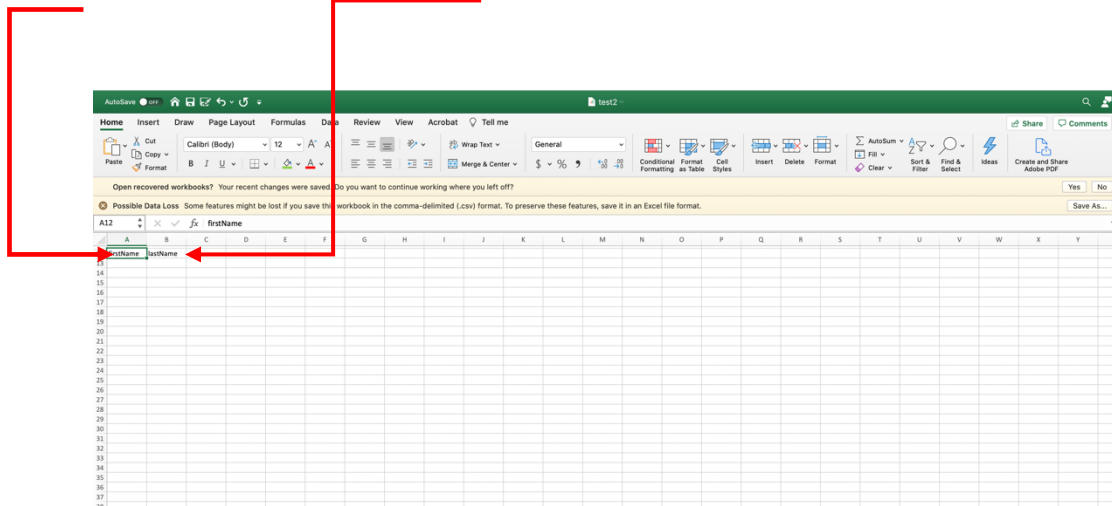

The student will then appear in a list of students with a 5-character username and 5-character password. This will be the student's unique username and password for their login.
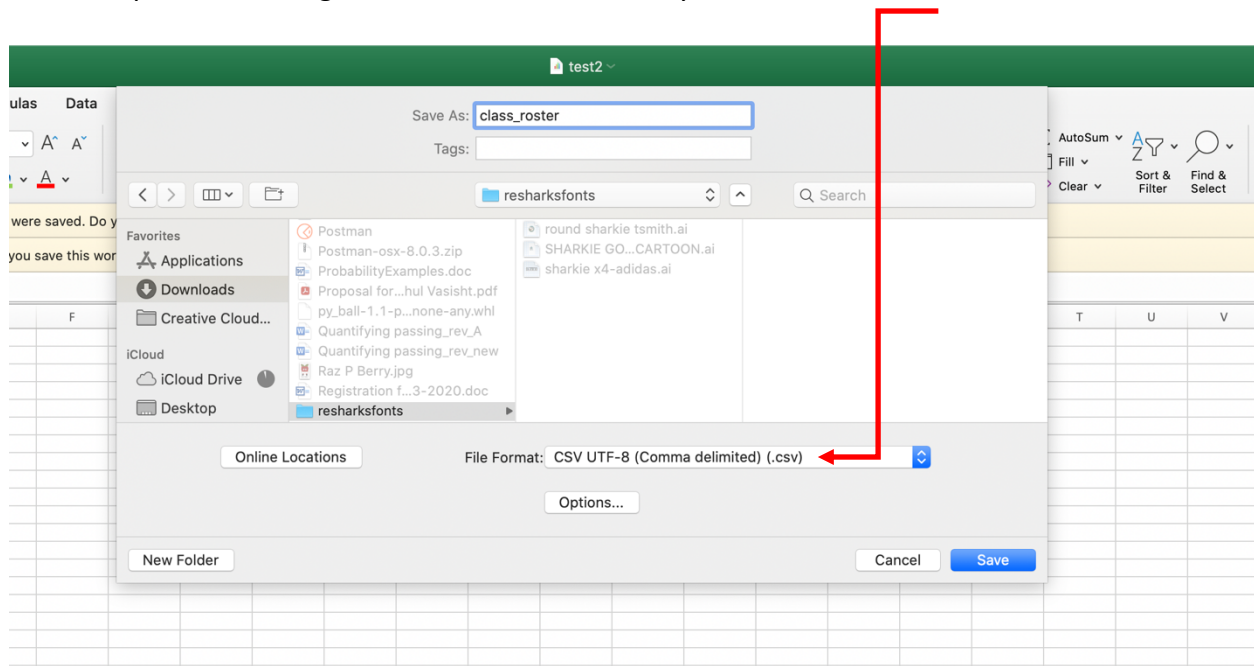

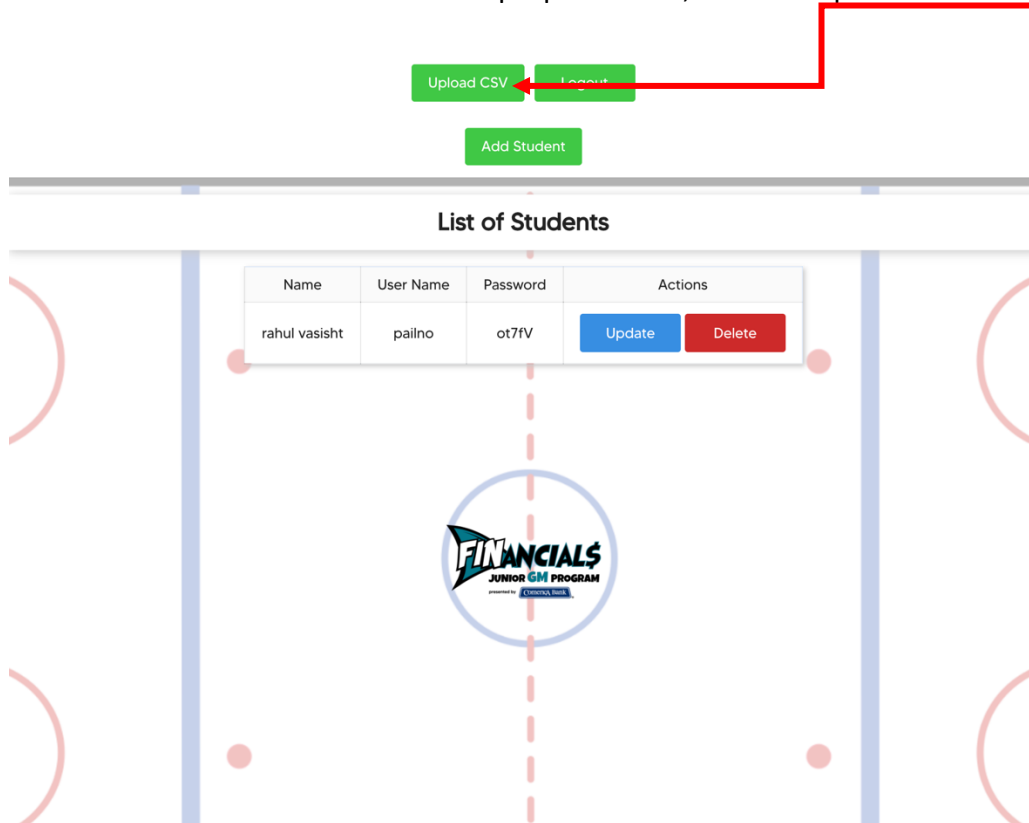

Add a Class

You can use either Microsoft Excel or Google docs. Open a new workbook and enter the headers **firstName** in column A1 and enter **lastName** in column B1.

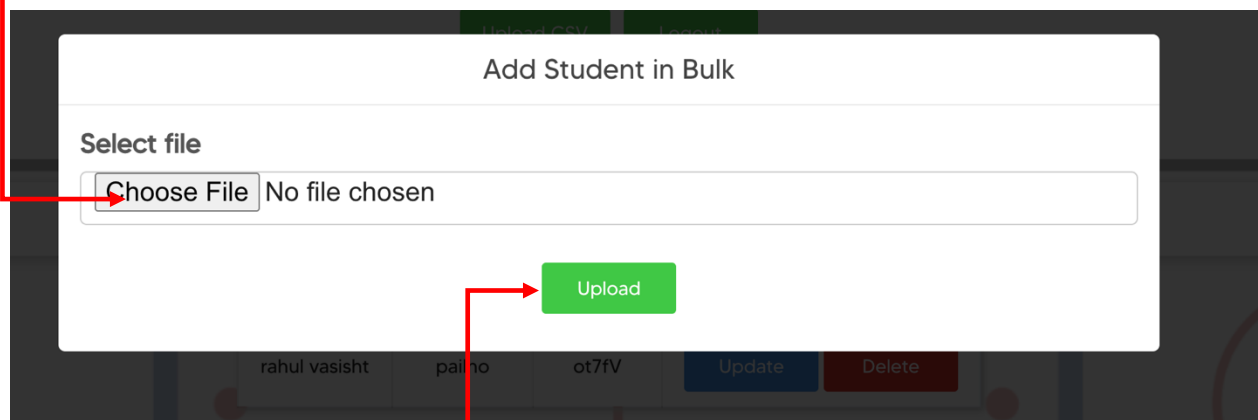

Then enter your students first names and last names under the appropriate headers. When you have completed entering the students names, save your files as a csv file.

Once the file has been saved in the proper format, click the Upload CSV button.
